allestimenti tecnici per eventi

Audioluci.com S.c.a.r.l.

At **Audioluci.com** we have built up a lot of experience in providing **technical assistance** and supplying **equipment for events and concerts**, and can guarantee the utmost quality in understanding what our customers need from our acoustics or lighting equipment. We try to reach **perfect sound engineering and illuminate every artistic detail.**

We work with all sorts and styles of music and events, and always try to meet all our customers' demands. This is not only at a technical, but also artistic level.

Sound amplification services:

- lectures, conventions, conferences

- concerts (classical, jazz, and pop, from a tiny event to a concert for ten thousand people)
- theatre, recitals, musicals, and cabaret
- sound diffusion along footpaths and in public squares

lighting services:

- theatre
- concerts
- fashion displays
- conventions, conferences
- architectural and artistic lighting of castles, palaces, and monuments
- events at shopping centres or in public squares

video services:

- video projection for conferences, conventions, and the theatre
- artistic video projection of giant images onto palaces and historic buildings
- filming of sports and artistic events
- video/audio streaming in real time on our or the customer's website
- high definition post-production video editing

Among our many strengths, Audioluci.com can boast more than twenty years' experience in this sector, the use of low-energy technology (LEDs and switch amplifiers), the constant updating of materials and knowledge, and experience in Italy and overseas (France, Switzerland, Germany, Czech Republic, Dubai, Greece, and Malta).
