

Maison Anselmet di Giorgio Anselmet

The Maison Anselmet company offers consumers a wide range of trusted products which are inspired in the Aostan tradition, including Torrette and Petit Rouge wines. This small, family-run company (Giorgio Anselmet and the owner) has just over three and a half hectares on the sunny slopes between Saint- Pierre and Villeneuve.

Annual production is around 20 to 25 thousand bottles, divided between typical types in this part of the Aosta Valley. Barrique-matured Chardonay, Pinot Noir which is also matured in wooden barrels, and a Muller Thurgau without forgetting the Pinot Grigio.
