Borney Legnami S.r.l.

Wood
Borney Legnami is a datum point for eco-sustainable building, not only in Val d'Aosta, but also in the rest of Italy and the world. With more than sixty years' experience and a passion for wood, as the field of specialisation goes from roofing beams to hardware. In addition to the extensive range of top quality materials we offer, we can also provide advice and made-to-measure work to meet the needs of even the most demanding customer. Quality System Certification ISO:9001:2008

Energy
Since we started out as an eco-sustainable building firm, at Borney Legnami we take particular care with the complete range of ecological energy products, from pellets to solar panels. We work with all the leading Italian and international companies, and can provide you with the latest solutions in the energy savings field, from insulation materials to thermally efficient buildings.
