

CAMERA VALDOSTANA
CHAMBRE VALDÔTAINE

MADE IN VDA

Laser S.r.l.

Laser, with more than ten years' experience in the mobile field, now offers innovative apps for smart phones and new tablets (the iPhone, Android, and Windows Phone platforms) for content/service providers, who can then update their own services over the web or outsource them.

- **clApp**: mobile booking service for concerts/events. A new way to manage culture and enjoyment while on the move.
- **Apptime**: a mobile service for free time (artistic/natural heritage). Indoor and outdoor mobile tourist guides.
- **Home Health**: mobile service for local healthcare.
- **Infomobility**: mobile service for using public transport and planning journeys.
- **Making B2B mobile services.**

Mobile services integrated with pre-existing systems and new, innovative apps to let people communicate quickly, easily, and

immediately. Annual investment in research and development. The languages we speak at the company are Italian and English.
