

CAMERA VALDOSTANA
CHAMBRE VALDÔTAINE

MADE IN VDA

Lagoval S.n.c.

The Lagoval company was set up in 1973 for the sale of office equipment and furniture. We are now more than able to deal with Information Technology, hardware, services, and designing office furniture. We sell top-of-the-range hardware products and Italian office furniture, as well as studying and designing everything necessary to have a complete workspace which is both comfortable and forward-looking.

Lagoval can also fit out schools, multi-purpose areas, libraries, and social centres so they are "ready to use." We can advise you when you are designing and implementing advanced local networks and special services such as conference centres and multimedia auditoria. Everyone in our highly specialised staff holds some professional qualification or other (Novell, Microsoft, Fujitsu-Siemens, Zyxel, Caanon, Kyocera-Mita, Cisco, etc.).

We mainly provide for the professional market and local and

central government. We have been awarded Quality Certification according to Standards ISO 9001:2008, which we received on 30/12/2003. We work mostly in Val d'Aosta, but also in France and Switzerland.
