

Chenevier Spa

Chenevier is a company that looks after the manufacture, processing, and laying of layered and block wooden structures throughout the Val d'Aosta; if necessary, we can go anywhere in the world to do our work.

We also do sustainable building, following work with wood through all its various stages. This goes from the planning and preparation of wood, up to the installation of low-energy dwellings.

Our services:

- CNC cutting centre,
- wood for builders,
- insulation,
- doors,
- wooden front doors.
