

SCEWC Open Innovation Challenge 2026

from 3th to 5th November | Barcelona

B2B/B2G hybrid event

TECH PROVIDERS: Connect with corporations seeking breakthrough technologies

The **SCEWC Open Innovation Challenge 2026** is an international B2B matchmaking programme connecting innovative technology providers with corporations and organisations seeking cutting-edge solutions.

Organised by ACCIÓ in collaboration with SCEWC and international ecosystem partners, the initiative creates **curated business meetings** focused on **real industry challenges** and **innovation needs**.

The programme offers startups, scaleups and tech companies' **direct access to corporate decision-makers**, innovation teams and potential collaboration opportunities.

Innovation Topics

- Enabling Technologies
- Energy & Environment
- Mobility
- Governance
- Infrastructures & Building
- Living & Inclusion
- Blue Economy

Join the SCEWC Open Innovation Challenge 2026

Register before 5th November 2026: [Smart City-Open Innovation Challenge](#)

Why participate?

- **Meet international corporations:** connect directly with organisations actively looking for innovative technologies and solutions.
- **Access qualified business opportunities:** participate in curated meetings based on your expertise and value proposition.
- **Increase your international visibility:** showcase your technology during one of the world's leading AV and systems integration events.
- **Explore pilots and strategic collaborations:** identify opportunities for proof-of-concepts, partnerships and market expansion.
- **Expand your global network:** connect with international ecosystems, corporates and innovation stakeholders.
- **Selected companies participating in onsite meetings will receive access to SCEWC Barcelona.** Hybrid participation options will combine in-person and online meetings to maximise international engagement.
