

Energy-related partnering opportunities

November 2024

Renewable energies

Business Offer BOTR20241107003

[A fast-growing SME Specialized in the Energy Systems Innovation is seeking consortium for HORIZON-CL5-2024-D3-02-08 “Minimisation of environmental, and optimisation of socio-economic impacts in the deployment, operation and decommissioning of offshore wind](#)

Business Offer BOTR20241107004

[A fast-growing SME Specialized in the Energy System Innovation is seeking consortium for HORIZON-CL5-2024-D3-02-09 “Demonstrations of Innovative Floating Wind Concepts” Call Project in 04.02.2025](#)

Business Offer BOFR20241105006

[French biogas leader converts agricultural waste to renewable energy, seeking European partners in energy, agro-industry, and tech for a commercial agreement](#)

Technology offer TOGB20241113028

[R&D collaborators sought for a novel seabed anchoring solution for ocean-based wind technologies.](#)

Business Offer BOTR20241122009

[The company is offering sustainable clean energy solutions from Turkey, is looking for distributors, wholesalers, exporters and system integrators to bring them to end users.](#)

Business request BRES20241122023

[Engineering Partner Sought in Portugal for Renewable Energy Projects](#)

Business Offer BODE20241125027

[German-Dutch company offers advanced biofuels for the maritime industry under supplier agreements](#)

Business Offer BOBG20241120013

[A Photovoltaic controller, part of an innovative solar water heating system, also being seamlessly integrable with existing systems, is offered for distribution, acquisition and/or installation under commercial, outsourcing or supplier agreements.](#)

Technology offer TOFR20241122013

[High-power stationary hub to supply a modular decarbonised electrical load from 100-400 kW to several MW](#)

Other topics (energy conservation, storage, distribution, etc.)

Technology request TRIT20241104002

[A leading Italian multi-utility seeking Artificial Intelligence based solution to optimize their heterogeneous business operations \(energy, environment, grids and market\)](#)

Technology offer TOES20241106017

[Improved catalyst for synthetic natural gas production](#)

Technology offer TOPT20241125010

[Portuguese R&D Lab is offering expertise in electricity market simulations and power forecast for HORIZON-CL5-2024-D3-06 and HORIZON-CL5-2024-D3-02-01 Calls](#)
